Symmetry Range

Symmetry 7500 Camera & Encoder Range

- EN-7510: Internal Box Camera
- EN-7520: Internal Mini Fixed Dome
- EN-7530: Internal / External Fixed Dome
- EN-7550: Internal / External 10x PTZ Dome

Features & Benefits

- H.264 Video Compression enables:
 - Reduced bandwidth usage
 - Reduced storage requirement
- Edge based analytics: VCA models process the video and generate alerts inside the camera and eliminate the need for additional processing hardware

Features & Benefits

- Cameras use standard network protocols for transmission of video across the LAN / VPN / WAN
- Fully integrated into Symmetry Video Management System
- Analytics alerts can trigger actions in Symmetry Access Control and Intrusion software

EN-7510

- Internal box camera
- H.264 network video with PAL or NTSC analog output
- D1, 4CIF, VGA, CIF, QVGA & QCIF @ 25/30fps
- 12v DC or PoE at <400mA
- Removable IR cut filter
- Automatic Gain Control
- Intelligent Detection as standard
- Optional Video Content Analytics
- x2.67 optical zoom
- 1 x alarm input, 1 x alarm output

EN-7520

- Low cost internal mini dome camera with fixed lens
- H.264 network video
- D1, 4CIF, VGA, CIF, QVGA & QCIF @ 25/30fps
- 12v DC at <400mA
- Automatic Gain Control
- Intelligent Detection as standard
- Optional Video Content Analytics

EN-7530

- Fixed internal / external dome camera
- H.264 network video with PAL or NTSC analogue output
- D1, 4CIF, VGA, CIF, QVGA & QCIF @ 25/30fps
- 12v DC or PoE at <400mA
- Removable IR cut filter
- Automatic Gain Control
- Intelligent Detection as standard
- Optional Video Content Analytics
- x3.75 optical zoom
- 1 x alarm input, 1 x alarm output

EN-7550

- PTZ internal or external dome camera
- H.264 network video with PAL or NTSC analogue output
- D1, 4CIF, VGA, CIF, QVGA & QCIF @ 25/30fps
- 12v DC at <900mA
- Removable IR cut filter
- Automatic Gain Control
- Intelligent Detection as standard
- Optional Video Content Analytics
 - anticipated early 2011
- x10 optical zoom
- 1 x alarm input, 1 x alarm output

Symmetry Camera Range

Each product is supplied with the following information on a separate CD

- A&E Specifications
- Hardware manuals for each product
- Software manuals
- IPAdminTool
- VCA training videos

- Requires Symmetry Security Management Software v6.2 SP1 or later, with Symmetry EN-7500 Camera Series Video Plug-in
